IN CASE OF EMERGENCY CONTACT: _____ TELEPHONE: (____) _____

Shipping ID Number	Shipping Name/Type of Medical Waste	Hazard Class	Packing Group	Special Provisions	Subsidiary Hazards
<p><i>Identification number.</i> Column 1 lists the identification number assigned to each proper shipping name. Those preceded by the letters "UN" are associated with proper shipping Names considered appropriate for international transportation as well as domestic transportation.</p>	<p><i>Hazardous materials descriptions and proper shipping names.</i> Column 2 lists the hazardous materials descriptions and proper shipping names of materials designated as hazardous materials.</p>	<p><i>Hazard class or Division.</i> Column 3 contains a designation of the hazard class or division corresponding to each proper shipping name, or the word "Forbidden". (1) A material for which the entry in this column is "Forbidden" may not be offered for transportation or transported. This prohibition does not apply if the material is diluted, stabilized or incorporated in a device and it is classed in accordance with the definitions of hazardous materials contained in part 173 of this subchapter.</p>	<p><i>Packing group.</i> Column 4 specifies one or more packing groups assigned to a material corresponding to the proper shipping name and hazard class for that material. Class 2, Class 7, Division 6.2 (other than regulated medical wastes), and ORM-D materials, do not have packing groups. Packing Groups I, II and III indicate the degree of danger presented by the material is either great, medium or minor, respectively. If more than one packing group is indicated for an entry, the packing group for the hazardous material is determined using the criteria for assignment of packing groups specified in subpart D of part 173.</p>	<p><i>Special provisions.</i> Column 5 specifies codes for special provisions applicable to hazardous materials. When Column 5 refers to a special provision for a hazardous material, the meaning and requirements of that special provision are as set forth in § 172.102 of this subpart.</p>	<p><i>Subsidiary Hazards</i> The hazard class or division number prescribed for the material, as shown in Column (3) of the § 172.101 table. The subsidiary hazard class or division number is not required to be entered when a corresponding subsidiary hazard label is not required. Except for combustible liquids, the subsidiary hazard class(es) or subsidiary division number(s) must be entered in parentheses immediately following the primary hazard class or division number.</p>
