- 3) The facility revised their Load Check Program with enough detail to describe how waste loads are inspected to identify unacceptable wastes.
- 4) The facility updated their Equipment Data Summary Sheet and provided equipment specifications for current equipment used on site, including the upgraded material recovery and dust suppression systems.

LEA Findings

The RFI Amendment was accepted on October 22, 2018 with the following findings:

- 1) The proposed changes are consistent with all applicable certified and/or adopted CEQA documents in that no subsequent EIR or Negative Declaration or supplemental EIR is warranted.
- 2) The proposed changes are acceptable and consistent with, but not limited to, State minimum standards, and including financial assurances and operating liability criteria.
- 3) The changes do not conflict with the terms and conditions in the current waste facilities permit.
