Attachment 1 Schedule B

## **CHARGING MECHANISMS**

The County's cost recovery program requires that applicable fee(s) or fee deposits be stated in a schedule such as this one. These cost recovery mechanisms are described below:

"Nonrefundable" Fee - A nonrefundable "fixed-fee" is intended to cover the average cost of processing the subject permit or service. Once paid, this fee cannot be refunded if and when the subject application is withdrawn. No additional charges will be billed by the County should the cost of processing exceed the specified amount of this fee.

"Deposit" – means a lump sum cash deposit which is then billed against by the County based on actual County staff time expended, with no billing limit. County billings against the deposit are based upon the work hours expended multiplied by the current Contract Hourly Rate established by the Board of Supervisors. If final County costs do not exceed the deposit amount, the unused portion of the deposit shall be refunded to the applicant. If final County costs exceed the deposit amount, the applicant shall be billed for the balance due pursuant to the fee reimbursement agreement accompanying said deposit.

## **BILLING POLICIES AND PROCEDURES**

### Calculating Fees for Service

Whenever a deposit is required for County Planning services, the charge for services shall be based on the applicable contract hourly rate multiplied by the total time spent on the project. Charges for Non-refundable "Fixed-fee" services are calculated based on average time spent to provide such services multiplied by the current Contract Hourly Rate, or the annual staff costs for a program divided by the average annual number of applications processed.

### Cost Recovery

The Board of Supervisors' adopted the FY 2019-20 Budget Development Manual that, in part, provides for the recommendation of fees on a full cost recovery basis.

### Contract Hourly Rate

The Board of Supervisors annually approves contract hourly rates. The contract hourly rate for the Planning Division is calculated to recover direct and indirect costs for chargeable activities, chiefly permit processing. The current contract hourly rate also includes: (1) a surcharge of \$13.00/hour to partially offset the cost of creating and maintaining digital information, the Planning Division Website, and Accela System for electronic permit filing and tracking; (2) a surcharge of

\$12.75/hr to offset the cost of maintaining the County's General Plan, (3) a surcharge of \$2.00/hr to partially offset the cost of the Permit Intake Coordinator. In total the current Contract Hourly Rate for services provided by RMA Planners is \$163.39. The Contract Hourly Rate for services provided by RMA Technicians is \$129.90. These rates include the base hourly rate and the surcharges described above.

#### Credit for Youth-Serving Non-profits

Applications pertaining to uses sponsored by nonprofit organizations, such as Scouts, 4-H Clubs, and Little Leagues, which are solely youth-oriented shall be credited \$1500 towards the processing of the subject land use entitlement request.

#### Billings on Permits for Illegal Uses/Structures

Notwithstanding any provisions in this Planning Division Fee Schedule/Charging Mechanism, there shall be no billing limit on any deposits or fees for application requests processed to legalize or correct violations of County land use ordinances.

#### Equivalent Fees for Services Not Listed

Where a proposed land use, application or service is not identified in this Schedule, the Planning Director shall review the work characteristics of the proposed use or requested service, in relation to the subject Planning matter, and determine which of the items listed in this Schedule is equivalent in type and processing time to that proposed. The fee or deposit for said use or application shall then be applied to the application requested.

#### Fees for Deferred Decisions

The Planning Director may defer certain decisions to the Planning Commission in accordance with the Zoning Ordinance. If a decision deferral occurs, no new application fee or deposit is required.

#### Agencies Reviewing and Billing Against Entitlement Applications

The following agencies, departments and districts are normally involved in the review of land development entitlement requests: Public Works Agency, Environmental Health Division, Air Pollution Control District, Fire Protection District, Sheriff's Department, Agricultural Commissioner's Office and Planning Division. For discretionary land use permits, the Planning Division shall charge and collect a single deposit from the project applicant at the time of application submittal, and all affected agencies will charge against that deposit. For all other permits, these County agencies and departments may independently assess their own regulatory fees.

#### Required Fees at Application Submittal

The Ventura County Ordinance Code requires that land use applications cannot be accepted for processing unless they are accompanied by the fees/deposits specified in this schedule and the applicable Fee Reimbursement Agreements.

#### Billing Process

Reviewing agencies and departments are required to maintain time-keeping records during the processing of entitlements. The Operations Division of the Resource Management Agency (RMA) monitors project charges and sends out statements/bills on a monthly basis. The original deposit will be applied to the

current charges and the bill may show a credit or debit balance. Until the charges exceed the deposit no payment is due. Any bill thereafter will show the current charge and be due and payable upon receipt. When the case is closed a final bill will be sent out to the responsible party listing the balance due. This balance due must be paid promptly in order to avoid accruing late fees and generating possible sanctions against one's entitlement. If the project is denied, or the application is withdrawn or closed out prior to a final decision, the case is closed and total processing costs are calculated by RMA Operations. If costs exceed the deposit, RMA Operations will bill the applicant for these costs up to the billing limit, if applicable.

If total costs are less than the deposit, a refund will be issued, unless there are outstanding costs owed the County by the same party. In such cases any balance will be applied to the amount owed. If, in the course of processing an application, the applicable billed fees and charges have not been paid within 45 days, the County may suspend processing the application, or after a hearing, DENY such application based on the applicant's failure to pay said fees and charges.

#### Late Fees (for Late Payment)

Charges are due and payable within 30 days of billing. Invoices unpaid after thirty (30) days will incur a 2% late fee, compounded monthly.

#### Standing Accounts

Persons or entities who frequently file applications with the Division (such as for film permits) may deposit, in trust, a sum of money against which County processing fees can be billed. The amount of this type of deposit or standing account and the billing terms shall be established by the Planning Director in consultation with the requesting person or entity.

#### Deposits and Billings for Projects with Multiple Entitlements

Where a project requires the filing of multiple land use entitlements, a single deposit fee with no billing limit may be assessed and collected. This single deposit fee shall be the highest of the required filing fees or deposits associated with the multiple land use entitlements and there shall be no billing limit. This calculation of a single deposit fee shall be in addition to and separate from the calculation and payment of a Late Filing Fee.

#### Treatment of Parties with Past Delinquent Accounts

All fees, charges, and deposits submitted or paid by an applicant or party owing RMA Planning Division money will be applied first to unpaid bills of more than 30 days and thereafter to the current application request. The deposit for an application shall be increased by 50% where it is determined the party signing the Reimbursement Agreement has had past bills outstanding for more than 90 days.
